**THE CREATION OF YOUR UNIQUE PROJECT BEGINS HERE
- FROM MASTERPLANS TO SCULPTURAL DETAILS,
WE MAKE IT EXTRAORDINARY**

Wellspring Environmental Arts & Design - bringing art to life!

We specialise in bringing creative concepts into public places and everyday life. Every project is unique, responding to the site, client needs and the community. Our project development and management experience delivers projects on time and on budget.

Our range of work includes: landscape architecture and detailing; site specific sculpture; handmade ceramic features; street furniture and landscape elements; interpretive signage and environmental art; murals; feature paving; creative play spaces; graphic design; interactive artworks, large scale event installations – and more.

Challenge us with your project and expect creative, innovative solutions.

Our approach

Our Experience

- Since 1995, we've been part of a huge variety of projects
- Projects for Governments, institutions, developers, private clients and community organisations
- Flexible, adaptable, with strong experience in cross-cultural collaboration
- Well managed projects delivered effectively from concept through to development and completion

Art & Design

- Creative, inventive and engaging: every project is unique.
- Designs that respond to, and enhance their site and community
- Effective collaboration with design professionals, clients and communities
- Designs that engage, educate and encourage interaction
- Resource efficiency with a focus on sustainability, economy and durability

Communication

- Open, timely, effective, responsive
- High level skills in visual and written communications
- Engaging presentations, facilitation and consultation
- Effective results from board rooms to construction sites

Our services

Public Art strategies and commissions

- Planning for siting, artforms, themes, procurement
- Effective siting or retro-fitting of artworks or art elements, large or small
- Public places, institutions, commercial developments

Urban Design and Landscape Architecture

- Innovative, sustainable and cost effective design solutions
- Analysis, Concept, Masterplan, Construction documentation, Project Management
- Public, commercial and private projects

Community Cultural Development

- Effective community engagement and expression
- Community-responsive design and placemaking
- Building connections between people and places

Creative projects

- Temporary art installations and events
- Community arts workshops, skills sharing
- Creative challenges 'outside the box'

Arts and Events Management

- Artist commission/involvement management
- Planning and management of festivals, events, installations and exhibitions
- All aspects - theme, program, logistics, budgets, marketing and media

Philip Nizette

Philip is a Landscape Architect, public artist, public art consultant, community development worker and sculptor with over 28 years experience in the field.

He has highly developed skills in landscape architecture, public art, project management and community design/development.

Jennifer Jones

An active visual artist since 1992, Jennifer works with ceramics, sculpture, textiles, graphics and photography in her design work, reflecting her interest in form and use

of colour and pattern. Jennifer has the ability to capture the essence of a given theme into a range of materials and applications.
